Don't miss our first webinars of the year!

On the 15th December, the European Commission proposed the 'Digital Services Act and the Digital Markets Act', which is an ambitious reform for all digital services, including social media, online market places and other online platforms. On [Tuesday 12 January](#), set aside some time for a webinar on the '**Digital Services Act: new rules of the game**', where the deputy head of unit of DG CONNECT, who is dealing with the file, will be our speaker via zoom. Later, on [Tuesday 19 January](#), you could join the webinar on '**Ideas Powered for Business Support Services for SMEs: What's new in 2021**', where interesting news on the fees and free legal advice on intellectual property for SMEs, will be analysed. Also, as faxes will no longer be accepted as a means of communication for EUIPO customers, set some time aside to have a look at the '**Fax Phased out (eComm Roadmap)**' on [Tuesday 26 January](#). Also, check out our calendar to stay up to date and enjoy our upcoming webinars.
